Commercial glass replacement

Emergency glass repair is our specialty. Call us now for fast glass replacement

We get you back in business, FAST

Whether you work in a high-rise office, a Melbourne CBD retail store or office, or a factory or shop in Melbourne's suburbs, when glass breaks you need fast glass replacement to enable you to continue trading safely without additional losses.

Fast Glass 24/7 has provided emergency commercial glass replacement services for some of Melbourne's icons including roof glass at The Meridian Melbourne, roof glass services for The National Gallery of Victoria, glass balustrades at Docklands Melbourne, curved glass for government buildings.

Safety first for emergency glass replacement

We understand your commercial need for rapid response and absolute safety. Our expert emergency glass replacement services, make the area safe for employees and the public and make your business secure again.

For your further protection and peace of mind, Fast Glass 24/7 maintains Public Liability insurance to the value of \$20,000,000 with Zurich (Aust) Ltd.

Emergency glass repair and expert signwriting

If your shopfront glass is broken, not only can we provide emergency glass repair, we can also replace any signwriting that was on the glass.

We have a team of designers at hand that can replicate your damaged signwriting, whether it be computer cut lettering or traditional hand painted reversed artwork. With the aid of digital printing technology, we can reproduce your signwriting in a variety of materials and finishes.

Simply call Fast Glass 24/7 and relax in the knowledge that our accredited glaziers will provide fast commercial glass replacement installed to Australian Standards with absolute safety and a lifetime quality guarantee.
